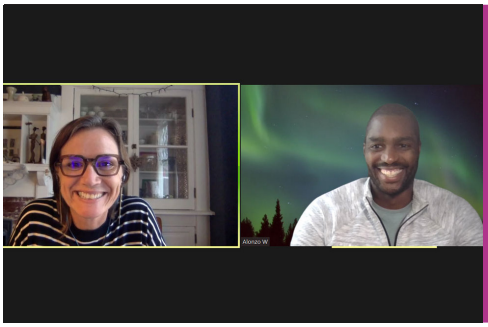
palm network
promoting active learning & mentoring

The PALM Network Grant

Why limit mentoring to research? PALM supports mentoring in teaching. Develop your abilities to teach lecture courses using active learning by working with an experienced active learning instructor. Receive up to $2000 per Fellow / $500 mentor stipend / $1000 meeting travel each for Fellow and mentor.



"The PALM Network allows faculty with similar pedagogical goals to connect and strengthen relationships around a shared goal. The integration and assessment of active learning in the classroom is facilitated by the mentor-mentee relationship and the support of the PALM leadership."

—Kristen Frenzel, Emory University

"Regular check-ins with an experienced active learning mentor enables better selection and efficient implementation of course-appropriate active learning strategies."

—Alonzo Whyte, Georgia Institute of Technology

As a PALM Fellow, you will:

- Improve your teaching with feedback and mentorship from experienced active learning instructors
- Learn various strategies for teaching lecture courses more effectively using active learning
- Create ready-to-use instructional materials based on research on learning
- Discuss key findings from education research that have immediate application in the classroom through online journal clubs and in-person meetings
- Become part of a nationwide community of scientists dedicated to effective teaching
- Network within and across scientific societies that support scientists in teaching and learning careers

Apply to be a PALM Fellow

1. Establish mentor-Fellow relationship
2. Submit PALM proposal
3. Fellow submits pre-mentoring teaching video
4. Fellow works with, visits, observes mentor
5. Fellow records post-mentoring teaching video
6. Present to PALM Network

For more information, including **eligibility requirements**, **application details**, and to **learn about how to be paired with a mentor** if you don't have one in mind, visit

palmnetwork.org

2021 Deadlines: Jan. 30, April 30, July 30, and Oct. 30

PALM is funded by NSF Research Coordination Network in Undergraduate Biology Education grant #1624200.
